USPA NEWS - ISRO (Indian Space Research Organization) scientists launched 36 satellites into orbit.

It is a historic victory that all Indians should be proud of.

Pawan Kalyan, Chief of Janasena Party said that it is a historic victory. All Indians should be proud of it. To that effect he issued a statement on Thursday congratulating the ISRO (Indian Space Research Organization) scientists who achieved the historic feat of launching 36 satellites into orbit.

Janasena Party Chief Pawan Kalyan said that on my behalf and on behalf of the Janasena Party, I congratulate the government of Narendra Modi, the scientists and technical experts of ISRO, who are keeping India in front of the top nations in space research with this success. It is a matter of pride for all Indians that our country is a strong contender in the field of commercial space by launching commercial satellites. I think this success will give a lot of morale to our scientists at a time when ISRO is gearing up for Chandrayaan-3. Pawan Kalyan said that he sincerely wishes that our scientists achieve many more such achievements and that India climbs more peaks in space research.

This successful deployment of 36 satellites took place on Oct 23 by Indian Space Research Organization (ISRO). This is the first ever commercial launch of LVM3.
